Shelby County Commissioners Vote to Support Issue 2, Urging Renewal of State Capital Improvement Program

Shelby County, OH – The Shelby County Board of Commissioners has officially voted to support State Issue 2, which will appear on the May 6 ballot, urging residents to vote in favor of renewing the State Capital Improvement Program (SCIP). This long-standing program provides critical funding for local infrastructure projects, including roads, bridges, water systems, and wastewater treatment facilities—without raising taxes.

Since its creation in 1987, SCIP has provided over \$7 billion in grants and low-interest loans to local governments in all 88 Ohio counties. These funds help ensure that communities can maintain safe roadways, upgrade aging infrastructure, and support economic development without relying solely on local tax dollars.

“The State Capital Improvement Program is a lifeline for Ohio’s counties, including Shelby County,” said Commissioner Ehemann. “Renewing this program means continuing to invest in the roads, bridges, and water systems that our residents rely on every day. This funding has helped improve safety, attract business, and protect public health—without raising taxes.”

The current SCIP authorization is set to expire July 1, 2025. A YES vote on Issue 2 would renew the program, preventing a funding gap that could delay crucial infrastructure projects across Ohio. Voters have overwhelmingly renewed this program three times in the past, recognizing its impact on local communities.

In Shelby County SCIP has funded projects such as the City of Sidney’s Downtown Storm and Sewer Improvements Project, Jefferson Street Bridge Replacement, Eilerman Road Sanitary Pump Station Repair and the 2018 Sewer Pump Station and force Main Replacement, ensuring that residents, businesses, and first responders have access to safe and reliable infrastructure. The Shelby County Board of Commissioners joins the Strong Ohio Communities coalition in advocating for a YES vote on May 6.

“The renewal of SCIP is not just about roads and bridges—it’s about keeping Ohio’s communities strong,” said Commissioner Ehemann. “We urge voters to support Issue 2 and continue this vital investment in our future.”
